

# amazonbusiness First Time Punch-Out Registration

You will be prompted to create an Amazon Business account before your first requisition through Amazon using your E-Procurement program. Use the below scenarios to understand how to take appropriate action for creating an Amazon Business user account.

## Scenario 1

### Create a new business user account

- If you don't have an existing Amazon account tied to your work email address, you will be provided step-by-step instructions to create your new account log-in for your organization's Amazon Business account.

The screenshot shows a registration form with the following fields and text:

- Your name:** A text input field with a cursor.
- Email:** A text input field containing "user@company.com".
- Password:** A text input field with the placeholder text "At least 6 characters".
- Re-enter password:** A text input field.
- Instructions:** A small 'i' icon followed by the text "Passwords must be at least 6 characters."
- Next step:** A yellow button at the bottom.

- Please be sure to use your full name when completing this form (First Last).
- Once your account has been created, you can start shopping.

#### **NOTE!**

Users previously registered with another **Amazon Business** account must be de-registered prior to punching out through the central business account.

## The Business Marketplace

You will find a number of new tools and features, including:

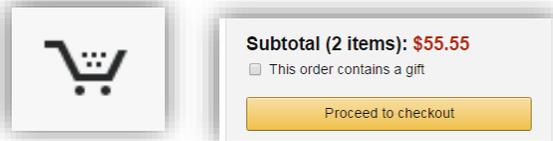

- **Business-only pricing**
- **Quantity discounts**

## Your Cart

As you shop on Amazon.com you can continue to add to your cart. You can view the contents of your cart anytime at the top right of the screen.

- Click the card to proceed to check out.
- Before checking out you may edit quantities, remove items or save for later.

## Payment

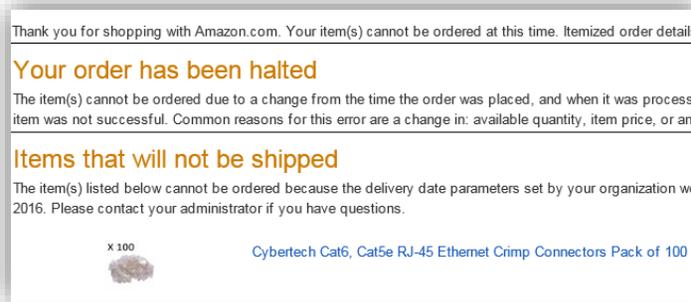

As a part of your organization's business account, the payment method and shipping addresses have already been added for you. When completing the checkout process, simply confirm that the correct option is selected.

- If multiple options are listed, choose between those available
- If the appropriate info is not listed, contact your administrator

## Tolerances

Amazon Business is a dynamic marketplace with changing prices and quantities. Price and inventory levels are not locked in until Amazon Business receives the approved Purchase Order. There are built in controls set by your organization to safeguard against unexpected changes in price or availability.

If your order exceeds any of these tolerances you will receive a notification email informing you of a change in your order. This email will specify what was adjusted in the order-see sample below.

**Please read this email carefully as you may need to reorder certain products based on these settings.**
