## How Do I Know What the Test Scores Mean?

WritePlacer is your English placement test. You can score between 1 and 8 on test. Your score determines what writing class you can take.

- Score of 4 = Communication 1545: Communications Foundations
- Score of 4 = English 1549: Writing 1 with Support
- Score of 5 = English 1550: Writing 1
- Score of 6 = English 1550H: Writing 1 Honors

If you are a continuing CCP student, you might have a score from the Composition Placement Test (CPT; used through summer 2025). You could score between 11 and 44 on the CPT.

- Score of 11 = You do not qualify to take writing classes.
- Score of 22 = Communication 1545: Communication Foundations and English 1549: Writing I with Support
- Score of 33 = English 1550: Writing I
- Score of 44 = English 1550H: Writing I Honors

The line below your English placement test score is the English class you qualify for.

### ALEKS PPL is your Math Placement Assessment Score

The last line of the table ("Lvl20-1510C..." in the sample table above) lists the math classes you qualify for. Please note that the Department of Mathematics can make adjustments to their placement scores at any time.

Below are the score ranges and corresponding levels for math and statistics courses commonly taken by CCP students:

#### ALEKS Score of 0-29 = Math Level 0-10

- MATH 2623C - Quantitative Reasoning with Support

#### ALEKS Score of 30-45 = Math Level 20

- MATH 2623 - Quantitative Reasoning
- STAT 2625 - Statistical Literacy and Critical Reasoning
- MATH 1510C - College Algebra with Support

#### ALEKS Score of 46-60 = Math Level 35

- MATH 1510 - College Algebra
- MATH 1511 - Trigonometry
- STAT 2601 - Intro to Statistics

#### ALEKS Score of 61-75 = Math Level 45

- MATH 1513 - Pre-Calculus

#### ALEKS Score of 76+ = Math Level 70

- MATH 1571 - Calculus

Email [ccp@ysu.edu](mailto:ccp@ysu.edu) to see if your test score qualifies you for the math or science class you are interested in taking.
